Elias Zinati | Face & Body  
@zinatisolutions

Our skilled therapist Elias Zinati demonstrates the incredible results achievable through the Acne Signature Lift treatment. By carefully tailoring the treatment to the client's skin concerns, Elias showcases how effective Image Skincare products are in addressing acne-prone and uneven skin. In this case, he intentionally opted not to use the Vitamin C mask from Image, focusing instead on other key products to maximize results.

## ACNE SIGNATURE TREATMENT

*4-weeks between before/after*

The Acne Signature Lift treatment by Image Skincare is specially designed for acne-prone skin. It combines powerful AHA and BHA acids to exfoliate, deeply cleanse pores, and reduce inflammation. This treatment helps minimize breakouts, improve skin texture, and promote a clearer, more even complexion. It also soothes irritation while restoring hydration and balance to the skin. Perfect for oily and combination skin types, it leaves the skin healthier and refreshed.
